50	WHITE ROCK	48.46100, -123.70981	500 m						

** Many of these 50 were named by John Hasell and his Wednesday Wonderers / Thursday Thrashers groups in the early 2000's.
They became the officially recognized peak names - except for this one!*

Nifty Fifty was inspired by the original "47 peaks challenge" by Rodney Newcombe and Ben Puszka. To that list we've added Fleetwood Mtn, Naughty Hill and Price's Peak.
